

External Barriers to Participation and Implementation

1. Consider common barriers that may prevent teachers from (a) participating in museum PD, and (b) implementing what they learn back at school. Record your thinking in the first column below.
2. Select a barrier to start with and find its table. Discuss the barrier's ramifications and possible strategies to overcome it. Record those ideas in the second column of the table below.
3. After a few minutes, rotate to a different table to discuss another barrier and the possible strategies to address it. Continue to record ideas in the table below.

Barriers to PD Participation & Implementation	Strategies to Address These Barriers
