

External Barriers to Participation and Implementation

- 1. Consider common barriers that may prevent teachers from (a) participating in museum PD, and (b) implementing what they learn back at school. Record your thinking in the first column below.
- 2. Select a barrier to start with and find its table. Discuss the barrier's ramifications and possible strategies to overcome it. Record those ideas in the second column of the table below.
- 3. After a few minutes, rotate to a different table to discuss another barrier and the possible strategies to address it. Continue to record ideas in the table below.

Barriers to PD Participation & Implementation	Strategies to Address These Barriers
